  - **Please remember and record your username and password**
  - You can **only register an email address one time**
  - Once you click create new account you will receive a password confirming your login information.  
\*\*\* **Please note this is not a registration confirmation.** You'll then be taken to the next step.
2. Step two: Please fill out the primary contact information. \*\*\* A secondary email is required.
3. Step three: Here is where you will add in information on your child or children. If contact information is the same for you and your child, you can check "same as primary contact." Otherwise, please complete all fields. Click "add another participant" at the bottom of the page if you are adding more than one participant. When you have completed this page, click next. This will take you two available programs.

PLEASE NOTE: If you have children in different program levels, you will register them from the same account. You only need to create one account per family, and from that account you can register multiple participants. You will receive a separate email from us with directions for each program level.

→ Wait list: We will have a waitlist for each class, as space is limited. Wait list acceptance is on a first come, first serve basis. You will see "wait list registration" appear if a class is full. **PLEASE continue to register.** You will be taken to the final step and your information will be submitted, however you will NOT be charged for registering. If space becomes available, you will be notified via email.

5. Step five: Review the class(es) you've chosen.
6. Step six: The next page is additional information we need as required by our national organization and to ensure we have as much information as possible in the event of an emergency. Please complete all fields. This page also includes our medical release in media release forms. Please review and check yes.
7. Step seven: Checkout and payment. **Registration is not confirmed until payment has been completed.**
