**Consolidated Annual  
Performance &  
Evaluation Report  
(CAPER)**

**Fiscal Year 2018**

**(April 1, 2018 – March 31, 2019)**

To be Submitted to U.S. HUD on 6/28/19

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Town of Tonawanda has met most of the CDBG objectives it established when writing the Consolidated Plan during 2015. The Town continues to operate a core set of housing programs using its CDBG resources including the Home Repair Program. This program comprehensively rehabilitated 23 owner-occupied structures within the Town. Nearly 1 out of 12 homes town-wide have been through the Residential Rehabilitation Program since its inception in 1978.

The neighborhood revitalization programs ongoing in Sheridan-Parkside and the Old Town neighborhoods are proceeding at a much slower pace due to the decreased level of CDBG funding since 2010 (33%). The HOME Investment Partnership Act Grant has been cut by 50% since 2010. The Town has shifted its focus on renewal efforts toward substandard, vacant structures, but will not pursue outright acquisition of those units with absentee landlords. The Town has instead concentrated on the demolition of unsafe, vacant structures. The Office of Planning and Development will then cooperate with the Erie County Land Bank on acquisition at a later date. As of FY 2018, 75 parcels of land were able to be acquired for land assembly and will be used in the Town's First-Time Homebuyer Program or will be sold in the future for residential development.

As part of the 5-year Consolidated Plan, the Town has targeted much of its CDBG budget toward public infrastructure investments. During FY2018, the Town's Highway Department has completed seven road resurfacing projects in low-moderate income neighborhoods at a total cost of \$229,388. The Town also completed an additional .5 mile of sidewalk replacement keeping neighborhoods walkable and accessible to those persons with disabilities.

The Town's Water and Sewer Maintenance Department installed a new waterline along Rochelle Park for \$280,000 that provides quality water to 90 homes in the neighborhood.

All other projects and programs in the Town's Annual Action Plan are operating as planned and exceeding annual goals.

The Town Board has adopted a Complete Streets Policy to explore opportunities to bring more transportation choices for all users and modes of transportation in Town. The public has expressed increased support for this initiative and a pilot project along Parker Boulevard will continue into FY 2019. A state CMAQ grant award will pay for 80% of the project costs during FY 2019 (\$940,000).

An ongoing New York State Brownfield Opportunity Areas – Step 2 Grant is providing additional resources to explore options for environmental cleanup and economic development along the River Road corridor of Town. These resources can also leverage CDBG and other County and State grant programs to move once contaminated parcels to productive re-use. Project updates can be viewed online at: [www.tonawandaopportunity.com](http://www.tonawandaopportunity.com)

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The Town prioritizes its CDBG funding mainly targeted on neighborhood investments such as housing and public infrastructure. Due to the severe 33% cut in CDBG funding since 2010, the Town has decreased the number of properties that could have been acquired and demolished. The Town has been focusing on housing rehabilitation and targeted public infrastructure investments to retain value in its low-moderate income neighborhoods. Special public service activities that have been identified by the people in the neighborhoods as a high priority have remained funded such as the Youth Services Program and the Crime Awareness Program.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

The First-Time Homebuyer Program leverages private, 30-year fixed rate mortgages. In the existing home program, a closing cost assistance grant provides the catalyst for more 30-year mortgage financing. Also, street resurfacing funding for materials leverages in-kind labor contributions from the Town's Highway Department employees. By committing \$80,000 of CDBG funding for spot clearance activity along River Road, Erie County Department of Environment and Planning and the New York State Department of Environmental Conservation have partnered with the Town on the clean-up of a long-time eyesore at 4111 River Road. The County has acquired temporary incidence of ownership to explore environmental contamination and the DEC will investigate the property for future remediation issues. Also, land that is temporarily land banked from the acquisition/demolition program is used to supply new building sites for the First-Time Homebuyer New Construction Program. These home sites range in value from \$5,000 - \$10,000.

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

### Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The Town has met all of its annual goals for affordable housing except in the production of new units and those receiving rental assistance. The HOME Investment Partnership Act Grant Program had been reduced by 50% from 2010. The ESG program was cut entirely for the FY 2017 program year. Although the program has returned for FY 2018, the Town could not access the LOCCS until Q4 FY2018. The Town does not have any local funding available to construct new housing or continue homeless service programs due to NYS Tax Cap Policy and other mandatory funding obligations.

**Discuss how these outcomes will impact future annual action plans.**

The Town will focus its HOME Investment Partnership Act Grant funding toward more residential rehabilitation projects and the First-Time Homebuyer Program.

The Town also hopes to maintain our existing ESG partnerships with the homeless service agencies to provide a predictable assistance network for the most needy in our communities when future ESG resources become available.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	42	0
Low-income	43	0
Moderate-income	42	0
<b>Total</b>	<b>127</b>	<b>0</b>

The data above was extracted from the Weatherization Program, Housing Counseling Program, and the Residential Rehabilitation Program.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Town received an ESG grant for FY 2018 in the amount of \$136,335. These funds were divided amongst two successful candidate agencies who applied through the Town's RFP process. The Town maintains a working relationship with HAWNY to help do our part in the Region's effort to solve homelessness issues using other resources. This means continuing to participate in the regional meetings on homeless planning strategies and collaborating with regional partners who are receiving other forms of assistance.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The Town continues to participate in the region's homeless planning strategies and meeting with homeless service agencies who are requesting funding through the ESG program. Town staff in the Office of Planning and Development will continue to collaborate with all regional social service agencies and the Mobile Safety Net Team on solutions for homeless persons.

### **Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

The Town does have a variety of programs that assist low-moderate income households stay in their primary residence. The home repair program provides 0% interest, deferred payment loans to make necessary home repairs to help those families stay in standard housing. Also, the Town provides a Weatherization Program that can help homeowners with their utility bills after the home is properly insulated and they are using energy-efficient appliances. The Town also circulates a booklet of homeless services to agencies or institutions that deal directly with the homeless population as a means of referral to one of the area's emergency shelters. As part of the Town's discharge coordination policy, these resources are made available on an annual basis. Also, the Oishei Foundation has partnered with the United Way and the University at Buffalo's Regional Institute who performed a study of the Town's social service needs through the Mobile Safety Net Team. This report has illuminated the need of area agencies to work together to assist the most needy in our community. The report may be found on the Oishei Foundation website: [www.oishei.org](http://www.oishei.org). This team of social service agencies has committed to

provide a local Resource Hub to assist those persons most in need.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Town contracts with Belmont Housing Resources for WNY to provide housing counseling services to individuals and families that are experiencing financial hardship for a variety of reasons including foreclosure prevention and mortgage modification.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Kenmore PHA is the only public housing authority in Erie County outside of the City of Buffalo. The Authority's rehabilitation money comes directly from HUD through the Capital Fund Program (old CIAP). Each housing authority is allocated money through a formula devised by HUD. The Kenmore PHA submits its own performance report on improvements made to their two structures within the Village of Kenmore using money from the Capital Improvement Fund. The Kenmore PHA was listed on the High Performer list distributed by HUD in 2010. The Kenmore Public Housing Authority did not suggest altering its successful "Authority/Tenant" management structure that has served the residents of its Kenmore Village Apartments or Theater Apartments over the years. Two tenants are elected by the elderly residents to serve on the Kenmore Public Housing Authority Board. Both apartment buildings have organizations established by the tenants who elect their own officers. At regular meetings, discussions regarding the management of the apartments are presented to the "Tenant Board" Authority members for action at the Public Housing Authorities Board Meetings.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

See above.

### **Actions taken to provide assistance to troubled PHAs**

N/A - Kenmore Public Housing Authority maintains a "high-performer" status.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

The Town of Tonawanda is undergoing a re-organization of its development services functions to address streamlining the processes for land use regulations, public policies, and coordination with area agencies involved in project development. During FY 2017, the Town had streamlined its zoning law to address the development of rooftop residential solar energy equipment. The Town also conducted a "Solarize" campaign to encourage energy efficiency. The re-organization effort will continue into FY2018 with several new initiatives including a comprehensive overhaul of the Town's land use regulations with the assistance from a NYSERDA Clean Energy Communities Grant.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

During FY2017, the Town continued its Freedom Program to address the needs of senior citizens and disabled veterans who need accessibility modifications done to their homes. The Town is anticipating more need for accessible units and have taken steps to ensure that sufficient CDBG resources are available to meet this increasing demand. Also, the Mobile Safety Net Team funded by the Oishei Foundation have prepared a report on Tonawanda that identified areas where there are gaps in the Town's social service network. The Office of Planning and Development will be working with several social service providers to bring a Mobile Resource Hub to Town residents. The Town has also formed a Complete Streets Committee to look at bringing more alternative transportation choices for people of all ages and abilities. This initiative will continue into FY 2018. A pilot project is expected along Parker Boulevard during the next program year.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The Town of Tonawanda contracts with an environmental testing company to perform LBP risk assessments on every home that applies for the Residential Rehabilitation Program. All LBP hazards are addressed through the program.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The Erie County P.H.A. has established an Action Plan for the Family Self-Sufficiency Program. This program provides rent subsidies to eligible households in concert with other social services and programs on terms that encourage personal responsibility leading to financial independence. The Town of Tonawanda Business Incentive Fund Loan Program offers loans to companies that will create jobs, a majority of which will be offered to low and moderate-income persons. Using private financing for home repairs for low and moderate-income persons reduces the amount of their disposable income with

the potential of placing the low and moderate-income person into poverty. The Town offers a 0% deferred payment loan to low and moderate-income persons to make house repairs which is payable when the house is sold. The Town of Tonawanda Office of Planning and Development provides detailed information on job training opportunities within the Town. The Ken-Ton UFSD Department of Continuing Education and the Holy Cross Head Start Program both offer a General Equivalency Diploma (GED) program each year. The Town also hosts the State Department of Labor in the Sheridan-Parkside Community Center for job testing for area employers.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Individually, and as a member of the Amherst-Cheektowaga-Tonawanda HOME Consortium, the Town did not uncover any gaps in the institutional structure established to carry out the strategy of the Town and the HOME Consortium. Over the last 37 years, the Town of Tonawanda has established a working relationship with public and private not-for-profit service agencies throughout Erie County and New York State and is able to tap into an impressive array of needed supportive services. The Town grants funds to service agencies that are well-established and well-qualified to deal with the needs of their clients when using the Town's federal resources, using their own resources, or when working with referrals and networking with other social service agencies. The Town and the A-C-T HOME Consortium continue to have an effective relationship with New Opportunities Community Housing Development Corporation as a CHoDO for the development of affordable housing in the Town of Tonawanda. The Town has selected agencies that are competent in their field of service and able to assist the Town of Tonawanda with its identified housing and community development needs.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

During the last 4 fiscal years, the Town has worked with the Mobile Safety Net Team on identifying any perceived gaps in social services. This cooperative effort has brought together local non-profit social service providers, school district officials, Town officials, and local residents to identify priority community needs. The report is available online at [www.oishei.org](http://www.oishei.org). During FY 2014, the Town retained a planning consultant to assist with the new 5-year Consolidated Plan submission for the FY2015-FY2019 grant cycle. The consultants coordinating with many area social service providers to produce a comprehensive plan. The Town will again be partnering with area municipalities to retain a planning consultant to begin work on the next 5-Year Consolidated Plan and Analysis of Impediments to Fair Housing Choice.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The Town of Tonawanda along with the other HUD entitlement jurisdictions in Erie County finalized an updated Analysis of Impediments to Fair Housing Choice during FY 2015. The Town has identified several goals and implementation steps to affirmatively further fair housing choice. These goals are as follows:

- Expand housing choice for members of the protected classes and other low income households to areas outside of racially/ethnically concentrated areas of poverty.
- Seek a balance between creating affordable housing opportunities outside of R/ECAPs and revitalizing R/ECAPs to improve the quality of life for people who live there.
- Expand educational initiatives
- Strengthen fair housing enforcement activities throughout Tonawanda

There are thirteen action steps put forth in the action plan that will be implemented by the Town.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The Town of Tonawanda received federal entitlement CDBG, HOME, and ESG grants as well as program income from other NYS competitive grants (State Rental Rehab Program). Each funding source is managed so that the regulations are adhered to by the Town and its subrecipients. The Town of Tonawanda enters into a three-year Cooperation Agreement with the Village of Kenmore in order to receive the federal CDBG grant. The Town of Tonawanda Office of Planning and Development administers the CDBG and ESG grants for both municipalities. The Town of Amherst manages the HOME program through the Amherst-Cheektowaga-Tonawanda HOME Consortium, but the Town of Tonawanda manages its own HOME activities. The Town also manages its own activities and monitors any activities undertaken by its subrecipients. Subrecipient agreements are entered into with the following agencies:

- Village of Kenmore
- Belmont Housing Resources for WNY for housing counseling services
- Supportive Services Corporation for weatherization of housing units.

Each subrecipient is monitored for compliance on a quarterly basis through billing inspections and follow up phone or email communications. Once a year, the Director of Community Development and the Planning and Development Office Manager make site visits to inspect and monitor the terms of the subrecipient agreements.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The Office of Planning and Development follows its citizen participation plan in formulating all of the priority objectives for the 5-Year Consolidated Plan, Annual Action Plan, and any amendments to those documents. The Town also provides access to its annual CAPER through the same outlets it uses for the plan documents including neighborhood libraries, the Town and Village Clerk's Offices and its official website. Public hearings are held twice a year requesting citizen input on its plans and performance report. The Planning and Development Office has an "open door" policy of constantly allowing public access to office staff and reaches out to our residents at every available opportunity. The Town also "pushes" notifications of the availability of plans and reports through mobile applications available to resident subscribers.

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The Town of Tonawanda has recognized the increased demand for affordable transportation as an underlying issue for the low-moderate income population to access services. The Town has expanded its senior van transportation service during FY 2018 to meet this demand. Also, there is an incredible backlog of infrastructure replacement projects. Deteriorating roads, sidewalks, as well as sewer and water lines will require massive investment over the next 10-20 years to ensure community sustainability. CDBG and other state and federal resources will be needed to fill the financing gap for these projects.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Part III: Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing.	
Yes	Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contacts with community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
No	Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
Yes	Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
No	Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
No	Other; describe below.
<p>There were no Section 3 businesses that bid on the Village's only public works job during FY 2018. The work involved sanitary sewer replacements and the contracted company did not feel the need to add additional employees. The Town will continue to utilize all Section 3 registered lists on future public works opportunities.</p>
