First-Time Homebuyer's Program

Fact Sheet - 2022

- Participant must first attend a First-Time Homebuyers Workshop sponsored by Belmont Housing Resources. (884-7791), or another HUD Certified Housing Counseling Agency prior to receiving and submitting an application for assistance by the Tonawanda Community Development Office. **Online courses are usually not acceptable; however, during this time of COVID, we will accept online courses if they are the only option available.**
- IT IS RECOMMENDED THAT AN APPLICANT MUST BE APPROVED FOR PARTICIPATION IN THE PROGRAM **BEFORE** SIGNING A SALES CONTRACT / PURCHASE OFFER FOR A HOUSE.
- Any house for which assistance is requested must pass an inspection by a Town Code Enforcement Officer based on the NYS Property Maintenance Codes and Federal Housing Quality Standards. As part of the inspection, interior and exterior surfaces will be evaluated for lead paint hazards per Title X Guidelines for the Evaluation and Control of Lead-Based Paint Requirements (regulations can be found in the Federal Register at 24 CFR Part 35, Part II). If there is any paint failure (i.e. cracked, chipped or peeling interior or exterior paint) the house **WILL NOT** pass inspection. It will be the responsibility of the seller or purchaser to remedy the situation and then have the house "Clearance Tested" by an EPA Certified Risk Assessor before closing on the property. Documentation of such inspection will be required. All Lead Based paint rehabilitation work shall be performed by lead certified workers.
- The prospective homebuyer's gross annual household income must be no more than the income listed below for the appropriate household size. Please note that the gross income of all persons who will be residing in the house to be purchased must be counted in determining income-eligibility.
